# V-1504 ALPE Aluminum/Plexiglass Vertical Platform Lift

Commercial and residential access

For Savaria,  
the customer is our priority...

Savaria offers the V-1504 ALPE, an aluminum/plexiglass enclosure model designed specifically for outdoor applications. The enclosure is made from aluminum and plexiglass insert panels. The drive system is treated with electro-plated yellow zinc. Clearly, this unit is constructed to resist corrosion.

Full height doors, enclosure extension, plexiglass dome and active ventilation with a one-hour battery back-up system are provided for your safety and comfort.

Head Office (North America): 4150 Highway #13, Laval, Quebec, Canada H7R 6E9
